

Pricelist - PUK U3 in EUR, ex works, excl. V.A.T and shipping costs (valid from 20.10.2011)

<p><input type="checkbox"/> 330 100</p> 	<p>“PUK U3” Fine Welding System</p> <p>System comprises:</p> <ul style="list-style-type: none"> - PUK U3 Fine Welding Device - USM Welding Microscope - PUK Flowmeter Regulator 	<p>3.990,00 €</p>
	<p>PUK U3</p> <p>Includes: Hand piece, foot switch, 10 special electrodes 0,5 mm, 10 special electrodes 0,6 mm, Soldering tweezers, crocodile clip, brush (with brass wire), flat peaked pliers, diamond grinding wheel, welding mat, compactor, 3 m gas hose.</p>	
	<p>USM Welding Microscope</p> <p>Includes: 10x magnification, LED-lighting, electronically controlled eye-protecting filter (Luminescence DIN3 / Obscurity DIN11), arm for holding the hand piece.</p>	
	<p>PUK Flowmeter Regulator</p> <p>Optimised for use with PUK precision welding equipment, this regulator complete with double pressure indicator, provides the low gas-flow of 2 L/min necessary to achieve quality results with the PUK. It also includes the appropriate gas hose connector for working with the PUK.</p>	

<input type="checkbox"/> 200 250 	<p>Pivoting Arm</p> <p>For the welding-microscope USM Includes: an adjustable supporting stand and arm, milled from solid aluminium.</p> <p>The Pivoting Arm is the ideal add-on for the well-proven USM microscope, and allows a high level of flexibility and freedom-of-movement when working.</p>	<p>367,00 €</p>
<input type="checkbox"/> 100 200 	<p>Optic unit</p> <p>A magnifying glass equipped with 3x magnification, glare-free lamp, electronically controlled eye-protecting filter (Luminescence DIN3 / Obscurity DIN11), 9 W bulb, welding table and an arm for holding the hand piece.</p> <p><i>The PUK Optic unit is especially handy for large work pieces that don't fit under the microscope.</i></p>	<p>417,00 €</p>
<input type="checkbox"/> 100 400 	<p>10 Special electrodes 0,5mm</p> <p>Contains no Thorium oxide (non radioactive) 0,5 x 50mm. Includes: 1 diamond grinding wheel.</p>	<p>27,80 €</p>
<input type="checkbox"/> 100 401 	<p>10 Special electrodes 0,6mm</p> <p>Contains no Thorium oxide (non radioactive) 0,6 x 50mm. Includes: 1 diamond grinding wheel.</p>	<p>28,30 €</p>
<input type="checkbox"/> 300 800 	<p>Desk-stand</p> <p>Includes: an arm for holding the hand piece, welding-table (as a base) and steel bar (as a support). The desk-stand holds the PUK hand-piece securely and allows freehand work.</p>	<p>112,00 €</p>
<input type="checkbox"/> 300 812 	<p>Third Hand "Assistant"</p> <p>Mounted on the welding table, this handy device will not only hold your work pieces securely, but also allow pieces to be positioned and repositioned quickly and accurately. (with 3 screws - models from February 2007) (without welding table)</p>	<p>99,00 €</p>

<input type="checkbox"/> 300 811 	Third Hand "Assistant" Holds work pieces securely. Includes: a clamp for holding the work piece, welding-table (as a base) and steel bar (as a support).	148,00 €
<input type="checkbox"/> 100 823 	T-connector optic Allows the optic unit and microscope to be connected to the PUK at the same time.	16,00 €
